## Girls Rugby Club

### Advisory Board Application

#### OVERVIEW

Here at the Girls Rugby Club, our mission is to provide an independent global platform aimed at providing a pathway for girls and women within rugby and to redress some of the inequalities and negative stereotypes that exist within our game. We're doing this by focusing on three pillars; Developing People, Creating Memorable Moments and Developing A Global Community.

Our work includes creating development pathways & training opportunities, providing online resources from experts on female-specific topics, opening up access to female rugby role models and connecting the dots between players and stakeholders within our game. The purpose is to democratise access to the sort of training and guidance you receive at the top end of the sport and to make it available to girls and women of all ages, abilities and backgrounds.

We're also passionate about serving as an independent voice to champion women's rugby and to take positive action on issues and topics affecting the game. We believe we can be much more powerful together, bringing together leaders in our sport including men and women. That's why we're searching for visionary people to join our [Girls Rugby Club Advisory Board](#) to lead us on the movement.

Below we've outlined what that entails. It's not a deal breaker if you can't make a meeting, but this is meant as a rough guide of your roles and responsibilities.

- Attendance at quarterly Advisory Board meetings throughout the year to discuss progress, direction, strategy and action
  - Dates to be agreed and held online via Zoom
- Availability to serve as a Girls Rugby Club spokesperson on issues impacting female rugby where possible
  - Individual opportunities to be discussed as and when they arise and open to discretion depending on other commitments and associations
- Maintain a presence on social media in association with the Girls Rugby Club. This means endeavouring to engage with Girls Rugby Club content where possible and to share your own thoughts, ideas and opinions
- Agree use of your image in association with the Girls Rugby Club
- Fly the Girls Rugby Club flag and champion female rugby at every opportunity!

#### WHAT'S IN IT FOR YOU?

It's not just about us, we hope that serving on our Advisory Board will be a positive experience for you and provide you with opportunities such as:

- Profile-building opportunities off-the-pitch in the form of media & speaking engagements
- Opportunities to monetise your expertise either via our online platform or in person at workshops, camps and events
- Bio on our website and promotion via our social and comms channels
- Networking with likeminded people
- Play a leading role in elevating women's rugby and creating a legacy for the next generation

## APPLICATION
